

GUÍA DIGITAL N° 7 OBJETIVOS Y CONTENIDOS CONCEPTUALES

ASIGNATURA: INGLES

CURSO: 6° AÑO

DOCENTE: María Karime Chieto Aguilar

SEMANA: 18 al 22 de Mayo

CORREO DE CONTACTO: karime.chieto@colegio-isabelriquelme.cl

OBJETIVOS: Reconocer algunas enfermedades y sus tratamientos

DIAS DE ATENCION CONSULTAS: lunes, Miércoles, viernes de 10:00 a 11:00 horas

1: OBJETIVOS

<u>OBJETIVO DE APRENDIZAJE</u>	<u>CONTENIDO</u>
Desarrollar habilidades de escritura y lectura OA 7 – 9, 14-16	La salud y las enfermedades.
<u>OBJETIVO DE LA CLASE:</u> Identificar algunas enfermedades y sus tratamientos	<u>HABILIDADES</u> Lectura y escritura.

Good morning dear student!

Con esta guía aprenderemos vocabulario relacionado con los problemas de salud y sus tratamientos.

Además quiero recordarles algunos aspectos muy importantes para aprender un nuevo idioma:

1. Mientras más inglés escuchen y mientras más inglés lean, más inglés van a aprender.
 2. Para poder aprender un idioma, se tienen que superar pequeños obstáculos que harán que el idioma sea significativo para ustedes.
 3. El aprendizaje de un idioma tiene que ser basado en la comunicación. Manejar bien un idioma no se basa solamente en aprender de memoria.
- No le tengas miedo a un nuevo idioma y recuerda que está bien no entender, porque siempre es un problema que puedes solucionar.

2: GUIA

La salud

1. Definición de Salud es una palabra usada para describir cómo se siente el cuerpo de una persona. Es la condición general de la mente y el cuerpo de una persona. Por lo general significa estar libre de enfermedad, lesión o dolor. Estar sano es un estado deseable debido a que el estado de salud de una persona afecta directamente su capacidad para funcionar en el mundo. Por ejemplo, una persona que sufre dolor crónico de rodilla puede no ser capaz de realizar tareas simples del día a día debido a su estado de salud. Del mismo modo, una persona con enfermedad cardiovascular también puede no ser capaz

de funcionar al mismo nivel de productividad de las personas sanas. La Organización Mundial de la Salud (OMS), que es la organización con la máxima autoridad asociada con temas de salud a nivel internacional, define a la salud así: "La salud es un estado de completo bienestar físico, mental y social y no solamente la ausencia de dolencias o enfermedades, a fin de permitir a las personas llevar una vida social y económicamente productiva (OMS, 1948)."

HEALTH PROBLEMS AND TREATMENTS

He has a headache.

He has a toothache.

He's been stung.

He's burned his hand.

She has a fever.

She has a sore throat.

She has a stomach-ache.

She is pregnant.

She's sneezing.

4.

He has a cold.

He has a headache.

He has a toothache.

He's been stung.

He's broken his leg.

He's burned his hand.

She has a fever.

She has a stomach-ache.

She is pregnant.

She's sneezing.

5.

He has a cold.

He has a headache.

He has a toothache.

He's broken his leg.

He's burned his hand.

She has a fever.

She has a sore throat.

She has a stomach-ache.

She is pregnant.

She's sneezing.

6.

- He has a cold.
He has a headache.
He has a toothache.
He's broken his leg.
He's burned his hand.
She has a fever.
She has a sore throat.
She has a stomach-ache.

7.

- He has a cold.
He has a headache.
He has a toothache.
He's been stung.
He's broken his leg.
He's burned his hand.
She has a sore throat.
She has a stomach-ache.
She is pregnant.
She's sneezing.

8.

- He has a cold.
He has a headache.
He has a toothache.
He's broken his leg.
He's burned his hand.
She has a fever.
She has a sore throat.
She has a stomach-ache.
